ON THE LAST DAY OF THE APPLICATION PERIOD (“CLOSING DAY”), APPLICANTS MUST SIGN IN AT THE OFFICE OF ZONING AND DEVELOPMENT BY 2:00 PM TO ENSURE PROCESSING AND SCHEDULING FOR THE CORRESPONDING PUBLIC HEARING DATE. (SEE ATTACHED PUBLIC HEARING SCHEDULE).

APPLICATION PROCEDURES

Variance & Special Exception applications are heard and decided at a regularly-scheduled public hearing by the five-member City of Atlanta Board of Zoning Adjustment (“BZA”). The Office of Zoning and Development serves as staff to the BZA. Approximately one week after each closing date, a planner is assigned to review your application. All inquiries regarding your application should be directed to the assigned planner at (404) 330-6145. The rules of the BZA prevent BZA members from discussing the merits of any case except during the public hearing for that case.

- 1) **Referral Certificate.** Each variance or special exception application must be accompanied by a Referral Certificate before it is filed with the Office of Zoning and Development. The Referral Certificate describes the variance(s)/special exception(s) being requested and is obtained from the Zoning Enforcement Division, Office of Buildings, Suite 3900, 3rd Floor City Hall, Atlanta, GA, (404) 330-6175. **A request for a referral certificate must be submitted to the Office of Buildings, Zoning Enforcement Division five (5) days prior to filing for a variance/special exception with the Office of Zoning and Development.** A request for a referral certificate to add floor area (new construction, additions, including second story or conversions) must include the following:

- a. Completed variance or special exception application.
- b. Written justification.
- c. Standard measurable site plan/survey showing existing conditions.
- d. Standard measurable site plan/survey showing proposed conditions.
- e. A typical scaled architectural drawing/floor plan of the structure.
- f. Typical scaled exterior elevations (when applicable).

Note: Amendments to Referral Certificates must be made at least 18 days prior to the scheduled hearing date.

- 2) **Owner Authorization.** If you are the applicant and do not own the subject property, the owner must sign the Authorization by Property Owner and have it notarized. If more than one property owner is involved, each owner should sign a separate authorization. The person who files the application with the City is considered to be the applicant.
- 3) **Site Plan.** All site plans must be to a scale no smaller than 1 inch = 30 feet. If the “to scale” site plan is 8 ½” x 11, submit one (1) copy. If it is larger than 8 ½” x 11”, submit eight (8) copies. The site plan must show all existing conditions and proposed improvements, including existing trees within 100 feet of any new construction. If any amendments are made to the design of any proposed construction on the property, submit folded site plans (in the same number as previously submitted) that show the change. Direct the new site plans to the Secretary to the BZA or the assigned planner to review the application. If amendments are made that impact the initial request, then new site plans (8 folded copies) must be submitted reflecting the amendment.
- 4) **Justification.** A written justification must be submitted as a part of the application for all requests: variances and special exceptions. The justification must address the criterion that is the basis for the BZA decision (see Criteria, page 6 & page 8). Other supporting documentation may be submitted such as signatures of support from neighbors and photographs.
- 5) **Fees.** The proper fee must accompany your application at the time of filing. Any combination of two or more variances on one lot may be combined into one application with one fee. Applications for variances and special exceptions may be combined into one application however separate fees will be assessed.
- 6) **Schedule.** There are two closing dates and two public hearings per month. The schedule allows time for NPU meetings to occur prior to each public hearing. When an application is filed, it will be scheduled for a public hearing (see attached schedule).

- 7) **Neighborhood Planning Unit (NPU) Recommendations.** The City is divided into 25 NPU's, each of which has a volunteer citizen advisory committee that makes a non-binding recommendation to the BZA on variances and special exceptions. When an application is filed, the applicant is notified of the NPU contact person. The applicant must contact the NPU as soon as possible to confirm the NPU meeting date and process. You may be requested to attend additional neighborhood meetings; inquire about the time and place of those meetings. The Office of Zoning and Development will send a copy of your application/site plan to the appropriate NPU after the application has been filed and within five (5) days of the filing.
- 8) **Public Notice.** At least 15 days prior to the hearing, Staff will initiate the public notice process. This includes sending written notice of the application to all property owners within 300 feet of the subject property and by causing public notice to be placed in a newspaper of general circulation. The applicant will be provided with a public notice sign(s) at the time of filing. The applicant is responsible for posting the sign in a visible location on the subject property, at least 15 days prior to the scheduled hearing. Failure to properly post the sign may cause the BZA to defer the application to another public hearing.
- 9) **Refunds on Withdrawn Cases.** Requests for withdrawal received 18 days prior to the public hearing may be considered for a refund of the application fee. A refund will not be issued after the case has been advertised.
- 10) **Staff Recommendation.** Office of Zoning and Development staff reviews and makes written recommendations to the BZA on each application. The assigned planner will provide each applicant with staff's recommendation. The applicant may also contact the assigned planner at (404) 330-6145 the day before the public hearing to ascertain staff's recommendation.
- 11) **Amendments to Application.** All amendments which substantially change the request (i.e. amended referral certificate: greater encroachment than what was advertised, additional variance/special exception not originally included on original referral certificate) should be submitted to the Office of Zoning and Development at least 18 days prior to the hearing. Failure to do so will result in a deferral in order to properly advertise. If the amendment does not impact the request as advertised the amendment should be submitted at least 5 days prior to the hearing. When applicable, please provide the Secretary to the Board the original amended referral certificate and/or 8 folded copies of the amended site plan.
- 12) **Deferrals.** Any applicant requesting a deferral, whether in writing prior to the hearing or in person at the hearing, is required to pay a deferral fee which includes the cost incurred for public notice (postage fees, postcards and newspaper advertisement). The Secretary of the BZA will provide the cost which must be paid no less than 3 business days after the deferral request has been granted by the Board.
- 13) **Public Hearing Presentation.** Each applicant or applicant's representative must appear and present the case before the BZA at the scheduled public hearing. The applicant is allowed a total of ten minutes to present the application and may reserve a portion of this time for rebuttal to any objections to the application. The applicant may bring. Any exhibits that are submitted at the hearing should be able to be stored in the 11" x 17" file.
- 14) **Consent Agenda.** The BZA may use a consent agenda to approve non-controversial or routine matters by a single motion and vote. If a member of the Board or the general public wants to discuss an item on the consent agenda (at the beginning of the meeting), that item is removed from the consent agenda and considered during the meeting. The Board then approves the remaining consent agenda items. If an item is removed from the consent agenda, that item will be heard in the order in which it was received by the Secretary. Consent agenda items shall be separately recorded in the summary of action.
- 15) **Appeals.** Per Section 6-4028(5) – Any person appealing from the decision of the board to the Superior Court shall pay the actual costs incurred by the city in causing the board's hearing(s) on the appeal to be transcribed as contemplated in the Zoning Ordinance. The board, through its secretary, shall communicate to the appellant the actual costs and the requirement and manner in which to pay same. The board shall not be required to file the transcript of the hearing(s) before it until such time as the appellant pays such costs.
- 16) **Board Rules.** A copy of the Board of Zoning Adjustment Rules of Procedure is located at the following link: <http://www.atlantaga.gov/index.aspx?page=399>.

SUMMARY & JUSTIFICATION FOR VARIANCES

Directions: Complete responses must be provided for ALL questions. Incomplete applications will not be accepted. The space below may be utilized or responses may be submitted as a separate attachment. Specific criteria for Board approval of variances may be found on page 7. **The justification must address these criteria.** Please submit a typewritten or legible justification.

State whether the property described in this application is subject to a pending application or ordinance for a Rezoning or Special Use Permit. ____YES ____NO. (If yes, the variance/special exception request will be rescheduled to a hearing following the final approval by City Council & the Mayor.)

Summary of proposed construction changes to buildings or site (shall not replace submittal of written criteria). (Examples: "Convert a 100' x 200' retail space into a restaurant." "Install a 6-foot high opaque wooden wall ('privacy fence' with 6-foot high opaque wall gates.").

Proposed Lot Coverage (After Construction): Calculate total amount of lot coverage on entire property, after completion of proposed construction, including existing and proposed buildings and other structures; sidewalks, driveways, parking pads, patios, gravel, etc.; everything except natural planted or undisturbed areas.

_____ covered square feet / _____ total lot square feet = _____% proposed lot coverage

_____ % maximum allowed lot coverage

Variance Criteria (*see page 6 for detailed criteria*):

- 1) What are the extraordinary and exceptional conditions pertaining to the particular piece of property in question (size, shape or topography)? _____

- 2) How would the application of the Zoning Ordinance of the City of Atlanta to this particular piece of property create an unnecessary hardship? _____

- 3) What conditions are peculiar to this particular piece of property? _____

- 4) Submit facts to show that relief, if granted, would not cause substantial detriment to the public good or impair the purposes and intent of the Zoning Ordinance of the City of Atlanta. _____

CRITERIA FOR VARIANCES

- 1) **There are extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape or topography.**
 - Explain why you believe your property has an extraordinary or exceptional condition. Is the width narrower, or is it smaller than the minimum that is required by the zoning regulations for its zoning classification? Does it have a shape that limits development in its buildable area, or topography that restricts its use? Does this condition relate directly to the requested variance?
 - Commercially zoned properties do not have minimum width and area requirements; therefore, those elements of this criterion are not strictly applicable. However, it is advisable to evaluate the shape and topography of the property in comparison to other nearby commercial properties.
 - If the variance is required to avoid destruction of any mature trees located in the buildable area of the property, contact the office of the City Arborist at (404)330-6874 to schedule an appointment for an arborist to inspect the property and document the location of the tree.
- 2) **The application of the zoning ordinance of the City of Atlanta to this Particular piece of property would create an unnecessary hardship.**
 - Describe why you believe the zoning regulations create an unnecessary hardship on you regarding the use of your property. For the purposes of granting a variance, the Office of Zoning and Development does not consider a hardship to be related to cost alone. Variances are not solely intended to enable the property owner to save money. For example, the property owner is not considered to have a hardship if the only reason for the variance is that it would cost more to construct, without a variance, a structure in the buildable area of a lot, versus getting a variance to be allowed to construct the same structure in a yard setback.
 - Location of a house on the property in a manner that instigates a variance request is not usually considered an extraordinary or exceptional condition. However, a hardship might be involved if the functional layout of an existing floor plan drives the request for the variance.
- 3) **Such conditions are peculiar to the particular piece of property involved.**
 - State how the relevant extraordinary and exceptional conditions identified as per (1), above, are unique to the property, not shared by the majority of other properties in the same zoning district.
- 4) **Relief, if granted, would not cause substantial detriment to the public good or impair the purpose and intent of the zoning ordinance of the City of Atlanta.**
 - Explain how the requested variance would not detract from people's use and enjoyment of adjoining and surrounding properties. Explain how it would be consistent with the purposes and intent of the zoning ordinance and/or would further these purposes and intent. The purposes and intent are stated in Section 16-01.003 of the ordinance, and include: securing safety from fire, panic and other dangers, providing adequate light and air, encouraging . . . intensities of land development as will tend to facilitate drainage, sanitation, education, recreation and other public requirements, promoting desirable living conditions, sustaining stability of neighborhoods, providing for the orderly evolution of neighborhoods along lines responsive to public needs, protecting against blight and depreciation.

Note:

- Yard setback reductions to less than 3 feet for construction of a structure are discouraged because a) maintenance of side walls of structures is usually not possible without stepping on the adjoining property, and b) houses built less than 3 feet from the property line may not have windows in the affected side wall, in accordance with the fire safety building code.
- Pervious (porous) surfaces are encouraged to allow rainwater to absorb into the ground, thereby reducing runoff and flooding. Groundwater absorption also purifies stormwater runoff before it reaches our rivers and lakes. Please consider using the following pervious surfaces: pervious concrete, grasscrete, gravel, pervious medians in "ribbon" driveways, and sand-filled spaces between pavers. (Pervious surfaces are included in overall lot coverage calculations.)

SUMMARY & JUSTIFICATION FOR SPECIAL EXCEPTIONS

Directions: Complete responses must be provided. Incomplete applications will not be accepted. The space below may only be utilized for the summary of proposal or responses may be submitted as a separate attachment. Specific criteria for Board approval of special exceptions may be found on page 9. **The justification must address these criteria. Please submit a separate justification for responses to the applicable special exception criteria.**

State whether the property described in this application is subject to a pending application or ordinance for a Rezoning or Special Use Permit. ____YES ____NO. **(If yes, the variance/special exception request will be rescheduled to a hearing following the final approval by City Council & the Mayor.)**

Summary of proposed special exception request (shall not replace submittal of written criteria). (Examples: "Installation of a swimming pool adjacent to the public right of way ("active recreation"), "Install a 6-foot high opaque wooden wall ('privacy fence' with 6-foot high opaque wall gates.").

- ☐ **Parking & Loading:** List the maximum number of employees who will park on the site at any given time: ____ AND list the maximum estimated number of customers, clients, visitors, or similar persons who will require automobile parking in connection with the facility on the site at any given time: ____ **If you propose to provide off-site parking, see the attached Standards for off-site Parking Agreements (page 10)**_____

- ☐ **Walls and Fences:** Any request for walls or fences should include a site plan and elevations showing the full extent of the wall or fence and a drawing showing a typical portion of the wall or fence including gates of ornamental fences._____

- ☐ **Active Recreation:**_____

- ☐ **Non-Conforming Uses & Structures (i.e. duplex):**_____

- ☐ **All other Special Exception Requests:**_____

CRITERIA FOR SPECIAL EXCEPTIONS

PARKING AND LOADING. The Board of Zoning Adjustment may waive or reduce the parking and loading requirements in any district when the character or use of the building is such as to make unnecessary the full provisions of parking or loading facilities, or where such regulations would impose an unreasonable hardship upon the use of the lot. If the proposal includes off-site parking spaces, please see the attached Standards for Off-site Parking Agreements (page 10).

WALLS AND FENCES.

The Board of Zoning Adjustment may grant Special Exceptions in any district for greater heights of walls and fences only upon finding that:

1. Such wall or fence is justified by reason of security or privacy and will not unduly prevent passage of light and air to adjoining properties and is not incompatible with the surrounding neighborhood;
2. Such greater height is justified by requirements for security of persons or property in the area;
3. Such greater height is justified for topographic reasons; or,
4. Such greater height, in the yard or yards involved, is not incompatible with the character of the surrounding neighborhood.

ACTIVE RECREATION: The BZA may grant a Special Exception to permit active recreation in yards adjacent to streets in residential districts only upon finding that:

1. The location will not be objectionable to occupants of a neighboring property or the neighborhood in general by reason of noise, lights or concentration of persons or vehicular traffic; and
2. The area for such activity could not reasonably be located elsewhere on the lot.

In some cases, applications for a swimming pool or tennis court adjacent to a street may also need a Special Exception for a wall or fence. This should be verified with the Zoning Enforcement Division of the Office of Buildings prior to making application.

NONCONFORMING USES AND STRUCTURES: See Section 16-24.001 through Section 16-24.007 of the City of Atlanta Zoning Ordinance and the following subsections:

1. Expansion of nonconforming uses or structures or of major structures and premises in combination: See Section 16-24.005(i).
2. Replacement or reconstruction of a destroyed major structure containing a nonconforming use: See Section 16-24.005(6)(b).
3. Expansion of a nonconforming use in R-4 (Single-Family Residential) and R-5 (Two-Family Residential) districts: See Section 16-24.005(7)(a).

ALL OTHER SPECIAL EXCEPTIONS NOT IDENTIFIED ABOVE:

1. Ingress and egress to the property and proposed structure or uses thereon, with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or other catastrophe.
2. Off-street parking and loading areas where required, with particular attention to the items in 1. above.
3. Refuse and service areas.
4. Appropriate buffering or screening to alleviate such potentially adverse effects as may be created by noise, glare, odor, lighting, signs or traffic congestion.
5. Hours and manner of operations.
6. Length of time regarding the duration of such permit, if any.
7. Required yards and other open spaces.

STANDARDS FOR OFF-SITE PARKING AGREEMENTS

Agreements in association with special exceptions for reduction of minimum required parking spaces and provision of off-site parking will be acceptable to the Office of Zoning and Development as valid if they meet the following standards (for convenience, words applicable to lease agreements are used; however any agreement must meet these standards):

1. Provide original signatures of lessee and lessor.
2. Provide current phone numbers and addresses of lessee and lessor.

 - b. Legal description in metes and bounds.
4. Include a provision that leased, off-site spaces must be used exclusively by the lessor for all persons who would otherwise use on-site parking on the principal property, in conjunction with the business, office, or other use on the principal property for which the lease is executed.
5. Include a provision in the lease that requires that the leased spaces will be demarcated, by signs and, optionally, by striping, barriers, or other means, as reserved for exclusive use by persons associated with the business, office, or other use on the principal property for which the lease is executed, and that identifies the party who will be responsible for so demarcating the spaces.
